

GEORGIA ALLIANCE  
OF COMMUNITY  
HOSPITALS

SINCE 1983

*A Tasteful Evening*

# *A Tasteful Evening*

**On May 14, the Alliance held its Third Annual wine tasting fundraiser, *A Tasteful Evening*. The event was a private function at Kevin Rathbun STEAK restaurant and featured a silent auction and a selection of award-winning food from one of Atlanta's most acclaimed chefs, all benefitting the Alliance Political Action Committee (AIIPAC), the Alliance's legislative arm.**

**Thanks to the generous member and sponsor contributions the event was a huge success raising over \$88,000. This will enable the Alliance to continue working with the political leaders and influences to keep the perspective of Georgia's community hospitals in conversations at the Capitol.**

*We hope to see you again next year!*

**ApolloMD™**  
Emergency Medicine | Anesthesia  
Hospital Medicine | Radiology

Proudly serving  
*more than 700,000*  
*Georgia patients*  
each year.

*ApolloMD is a fully-integrated and aligned group practice, providing clinical outsourcing services to hospitals and health systems nationwide. Emphasizing quality, efficiency, communication and patient satisfaction, we collaboratively implement best practices and process improvement in a coordinated and cost-effective manner.*

## LifeSouth Community Blood Centers is your local blood supplier.

"LifeSouth understands and strives to meet the needs of their client hospitals. They are not just a vendor, they are a partner. I like how LifeSouth is responsive to my concerns. They are very customer service-oriented."

- Katie Blackburn  
Transfusion Services Manager  
St. Joseph's Hospital, Atlanta, Ga.

The power of global connections™

# Patients can't wait, why should you?

## Delivering network services when you need them.

New and improved services are at the heart of a thriving health care organization. Waiting for an outdated network to deploy or improve services doesn't work in today's healthcare environment.

Avaya's virtual networking infrastructure ends the network waiting game and puts your focus where it is needed most - on the patient.
